

Special Community Call with Dr. Carrington & Lindsay Kenny on June 14th

A community of highly experienced and respected practitioners have come together to introduce the more inclusive term of “Meridian Tapping Techniques.” The broader vision of MTT – Meridian Tapping Techniques, allows practitioners to grow beyond traditional EFT to include advanced techniques being developed by experienced practitioners all over the world.

Eleanore Duyndam, the Host and Producer of EFTRadioOnline.com, invited Dr. Patricia Carrington and Lindsay Kenny to speak about these changes and introduce this umbrella term. They will be explaining the new umbrella term MTT - Meridian Tapping Techniques and answering a long list of questions that Eleanore and the two EFT Masters have collected from the community.

* Before listening to the community call with Dr. Carrington, please read the latest amendment (he changed it again June 18th, 2009) to Gary Craig’s “Open Hand Policy” at this link:
